ANNOUNCEMENT

NUNAMED 2016

– a conference on Greenlandic health and medicine

Collaboration for Development

NUNAMED is for all researchers and health care persons with an active interest in Greenlandic Health Research.

NUNAMED 2016 will take place in Nuuk on October 1-3, 2016. The conference language is Danish/Scandinavian, but there will be some sessions in English and Greenlandic. We invite presenters of PhD projects from the Summer School and presenters who do not speak Danish or Greenlandic to present in English.

Deadline for submission of abstracts: August 15, 2016.

A PhD Summerschool will be held on September 28-30, 2016 in association with the conference. The theme of the PhD School is “Ethics and Research in Small Populations in Changing Environments”.

For more information on the program, registration, abstract submission, travel and accommodation: www.nunamed.org
